EDUCATION

**BACHELOR OF SCIENCE IN
INFORMATION SECURITY, TECH
UNIVERSITY**

ACHIEVEMENTS

- Successfully reduced security incidents by 40% through proactive threat hunting at TechSecure.
- Received a commendation for excellent performance in incident response during a critical breach.
- Contributed to the development of an award-winning cybersecurity training program.

PROFILE

Dynamic Cyber Threat Analyst with over 5 years of experience in the technology sector, specializing in threat hunting and incident response. My comprehensive understanding of malware analysis and network forensics has enabled me to develop proactive security measures that safeguard sensitive data against cyber threats. I began my career as a junior analyst in a startup environment, where I honed my skills in monitoring and securing networks.

EXPERIENCE

CYBER THREAT ANALYST

TechSecure Solutions

2016 - Present

- Conducted in-depth threat hunting exercises to identify and remediate vulnerabilities in client systems.
- Utilized advanced forensic tools for malware analysis, successfully identifying over 100 unique threats.
- Collaborated with IT teams to implement security measures that reduced incidents by 40%.
- Developed threat intelligence reports that guided strategic security decisions.
- Led tabletop exercises to enhance incident response readiness across departments.
- Analyzed security logs to identify patterns and trends, improving overall security posture.

JUNIOR CYBERSECURITY ANALYST

Startup Innovations

2014 - 2016

- Assisted in monitoring network traffic for security breaches and anomalies.
- Participated in incident response efforts and helped document lessons learned.
- Conducted vulnerability assessments and reported findings to senior analysts.
- Maintained security protocols and documentation for compliance purposes.
- Supported the development of training materials for staff on security best practices.
- Engaged in continuous learning through cybersecurity workshops and certifications.
