

Michael ANDERSON

CYBERSECURITY ANALYST

Enthusiastic Cybersecurity Analyst with 4 years of experience in managing security for e-commerce platforms. My strong analytical skills and attention to detail have enabled me to identify potential security threats and vulnerabilities in web applications. I have a solid foundation in web security protocols and practices, including OWASP top ten security risks.

SKILLS

- Web Security
- Vulnerability Assessment
- Penetration Testing
- Security Best Practices
- Application Security
- Collaboration

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR'S DEGREE IN COMPUTER SCIENCE, UNIVERSITY OF TECH, 2017

ACHIEVEMENTS

- Identified and remediated critical security flaws that improved application security by 35%.
- Developed comprehensive security documentation utilized by development teams.
- Increased staff understanding of web security risks by 40% through training sessions.

WORK EXPERIENCE

CYBERSECURITY ANALYST

EcomSecure Solutions

2020 - 2025

- Performed regular security assessments on e-commerce applications to identify vulnerabilities.
- Collaborated with developers to implement security measures during the software development lifecycle.
- Conducted penetration tests, resulting in the identification and remediation of critical security flaws.
- Developed security best practices documentation for development teams.
- Monitored application logs for suspicious activities and potential threats.
- Provided training on web security risks and mitigation strategies for staff.

SECURITY INTERN

WebGuard Technologies

2015 - 2020

- Assisted in vulnerability assessments for client websites and applications.
- Documented security incidents and supported incident response efforts.
- Helped maintain security policies and procedures for web applications.
- Participated in security awareness training for employees.
- Conducted research on the latest web vulnerabilities and trends.
- Supported the implementation of firewalls and security protocols.
