EDUCATION

BACHELOR OF SCIENCE IN CRIMINAL JUSTICE, STATE UNIVERSITY

ACHIEVEMENTS

- Increased student enrollment in cybersecurity courses by 30% through innovative program marketing.
- Developed a cybersecurity policy for a local nonprofit that improved their security posture significantly.
- Served on a panel discussing the future of cybersecurity education at a national conference.

PROFILE

Experienced Cybersecurity Educator with a robust background in law enforcement and cybersecurity policy development. Over 8 years, I have dedicated my career to teaching cybersecurity principles in both academic and corporate environments. My unique experience as a former law enforcement officer allows me to provide real-world insights into the importance of cybersecurity protocols and the legal implications of breaches.

EXPERIENCE

CYBERSECURITY INSTRUCTOR

City College

2016 - Present

- Taught undergraduate courses in cybersecurity, covering topics such as network security and risk management.
- Developed online resources and materials that improved student engagement and understanding.
- Implemented a mentorship program pairing students with industry professionals, enhancing networking opportunities.
- Created case studies based on actual cybersecurity incidents to facilitate practical learning.
- Conducted research on cybersecurity trends, contributing to academic publications.
- Organized cybersecurity workshops that attracted over 150 participants from the local community.

CYBERSECURITY CONSULTANT

SecureLaw LLC

2014 - 2016

- Provided consultancy services to organizations on cybersecurity compliance and risk assessment.
- Conducted training sessions for legal professionals on data protection laws and cybersecurity regulations.
- Developed policy frameworks that align with both cybersecurity best practices and legal requirements.
- Assisted clients in conducting tabletop exercises to test incident response plans.
- Published articles on cybersecurity law in industry journals, increasing public awareness.
- Fostered relationships with government entities to promote cybersecurity education initiatives.
