Michael Anderson

CYBERSECURITY OUTREACH COORDINATOR

Enthusiastic Cybersecurity Educator with a focus on youth engagement and community outreach. Over 6 years of experience working with schools and nonprofit organizations to promote cybersecurity education among young learners. My passion lies in bridging the digital divide by empowering youth with the skills needed to navigate the online world safely.

EXPERIENCE

CYBERSECURITY OUTREACH COORDINATOR

Future Tech Foundation

2016 - Present

- Designed and implemented cybersecurity workshops for over 500 students in local schools.
- Collaborated with educators to integrate cybersecurity topics into existing curricula.
- Created engaging educational materials, including games and interactive activities.
- Organized community events focused on promoting cybersecurity awareness among families.
- Developed partnerships with local tech companies for sponsorships and resources.
- Conducted surveys to assess the effectiveness of outreach programs and identified improvement areas.

WORKSHOP FACILITATOR

TechSmart Academy

2014 - 2016

- Led hands-on workshops that taught students about safe online practices and cyber hygiene.
- Created a mentorship program pairing high school students with tech professionals.
- Participated in career fairs to promote cybersecurity education and career opportunities.
- Developed video content aimed at educating parents about online safety for children.
- Collaborated with local law enforcement to host safety seminars for families.
- Gathered feedback from participants to continuously improve workshop content and delivery.
