Committed Cybersecurity Educator with a decade of experience in federal government cybersecurity initiatives. My career has been dedicated to developing and implementing training programs that enhance the cybersecurity posture of government personnel. With an extensive background in policy development and compliance, I focus on ensuring that all training aligns with federal regulations and standards.

💼 WORK EXPERIENCE

Cybersecurity Policy Trainer
2020-2023

Federal Cybersecurity Agency

- Developed and delivered policy training sessions for over 1,000 federal employees.
- Collaborated with legal teams to ensure compliance with federal cybersecurity regulations.
- Conducted assessments to identify training gaps and areas for improvement.
- Created instructional materials that enhanced understanding of cybersecurity policies.
- Facilitated discussions on emerging cybersecurity threats and policy responses.
- Implemented feedback mechanisms to improve future training sessions based on participant input.

Cybersecurity Awareness Coordinator
2019-2020

Department of Homeland Security

- Designed and implemented cybersecurity awareness campaigns for government employees.
- Developed e-learning courses that reached over 5,000 individuals.
- Conducted workshops on incident reporting and response procedures.
- Authored guidelines for secure communication practices within government entities.
- Participated in national security exercises to test incident response protocols.
- Collaborated with other government agencies to share best practices in cybersecurity training.

★ ACHIEVEMENTS

- Recognized for creating a cybersecurity training program that improved compliance rates by 80% across agencies.
- Received the 'Excellence in Training Award' for outstanding training delivery.
- Implemented a feedback system that increased training satisfaction ratings by 50%.
