Passionate Cybersecurity Educator with over 5 years of experience in nonprofit organizations, focusing on cybersecurity education and community resilience. I aim to empower underserved communities through knowledge and resources that promote safe online behaviors. My experience includes developing training programs tailored to different age groups and backgrounds, ensuring accessibility and engagement.

WORK EXPERIENCE

Cybersecurity Educator | SafeNet Nonprofit   Jan 2022 – Present

- Conducted community workshops that educated over 400 individuals on cybersecurity fundamentals.
- Developed training materials that simplified complex cybersecurity concepts for diverse audiences.
- Collaborated with local schools to integrate cybersecurity into their curricula.
- Created online resources that reached over 1,000 users seeking cybersecurity guidance.
- Organized awareness campaigns during Cybersecurity Month, enhancing community participation.
- Gathered feedback to evaluate the impact of programs and identify areas for improvement.

Training Coordinator | CyberSafe Community Initiative   Jul 2019 – Dec 2021

- Designed training programs that effectively addressed community-specific cybersecurity issues.
- Facilitated workshops that improved participants' understanding of online safety practices.
- Created partnerships with local businesses to sponsor cybersecurity events.
- Conducted evaluations of training sessions to ensure quality and relevance.
- Led discussions on the importance of cybersecurity education for community resilience.
- Participated in community events to promote cybersecurity awareness and resources.
