MICHAEL ANDERSON

QUALITY ASSURANCE MICROBIOLOGIST

A dedicated Dairy Microbiologist with over 5 years of experience in the dairy industry focusing on microbial quality assurance and safety protocols.

Demonstrates a comprehensive understanding of dairy microbiology, including the detection and control of spoilage organisms and pathogens. Skilled in conducting microbiological assessments, developing standard operating procedures, and ensuring compliance with food safety regulations.

PROFESSIONAL EXPERIENCE

Dairy Excellence Ltd.

Mar 2018 - Present

Quality Assurance Microbiologist

- Performed regular microbiological testing on dairy products.
- Developed and maintained SOPs for microbiological analysis.
- Monitored production processes for compliance with safety standards.
- Conducted training sessions on hygiene practices for staff.
- Collaborated with suppliers to ensure raw material quality.
- Reported findings to senior management for decision-making.

Local Dairy Farm

Dec 2015 - Jan 2018

Microbiologist

- Assisted in microbiological testing of milk and dairy products.
- Supported the development of product improvement strategies.
- Engaged in quality audits to identify contamination sources.
- Maintained laboratory equipment and ensured its calibration.
- Participated in the implementation of a new quality management system.
- Documented testing results for compliance audits.

ACHIEVEMENTS

- Improved product quality ratings by 15% through enhanced QA practices.
- Recognized for exceptional performance in internal audits.
- Contributed to the development of a new training program for staff.
