## **EXPERTISE SKILLS**

- Project Management
- Process Design
- Six Sigma
- Risk Assessment
- Team Development
- Budget Management

## **LANGUAGES**

- English
- Spanish
- French

## **CERTIFICATION**

- Bachelor of Science in Chemical Engineering, University of Florida, 2010

# MICHAEL ANDERSON

## LEAD DAIRY ENGINEER

Results-oriented Dairy Plant Engineer with over 12 years of experience in dairy manufacturing, renowned for delivering high-quality engineering solutions in fast-paced environments. Expertise in process design, operational efficiency, and product development, with a strong focus on improving production workflows and enhancing product safety. Proven ability to manage large-scale projects, leveraging advanced engineering principles and methodologies to solve complex issues.

## **PROFESSIONAL EXPERIENCE**

### **DairyTech Systems**

*Mar 2018 - Present*

#### Lead Dairy Engineer

- Directed engineering teams in the design and implementation of new production lines.
- Utilized Six Sigma methodologies to enhance process efficiency and reduce waste.
- Collaborated with cross-functional teams to ensure compliance with health regulations.
- Mentored junior engineers, fostering professional growth and knowledge sharing.
- Analyzed production metrics to drive strategic improvements.
- Oversaw budgeting and resource allocation for engineering projects.

### **Pure Dairy Co.**

*Dec 2015 - Jan 2018*

#### Process Improvement Engineer

- Developed and implemented process improvements that increased throughput by 15%.
- Conducted risk assessments to identify safety hazards in the production environment.
- Collaborated with the quality assurance team to enhance product testing protocols.
- Led projects aimed at reducing energy consumption across the facility.
- Managed vendor relationships to secure high-quality materials and services.
- Reviewed and updated standard operating procedures to enhance efficiency.

## **ACHIEVEMENTS**

- Increased production capacity by 35% through innovative engineering solutions.
- Awarded 'Best Engineering Team' for outstanding performance in efficiency gains.
- Reduced safety incidents by 50% through comprehensive training initiatives.
