MICHAEL ANDERSON

PRODUCT DEVELOPMENT SPECIALIST

A dedicated Dairy Processing Technologist with 12 years of experience in the dairy industry, focusing on product development and innovation. Expertise in formulating new dairy products and enhancing existing lines to meet consumer demands and regulatory standards. Strong background in sensory evaluation and consumer testing, ensuring product quality and market acceptance.

PROFESSIONAL EXPERIENCE

Dairy Craft

Mar 2018 - Present

Product Development Specialist

- Led product development initiatives for new yogurt and cheese lines.
- Conducted sensory evaluation tests to gauge consumer preferences.
- Collaborated with marketing to develop product launch strategies.
- Implemented sustainable sourcing practices for raw materials.
- Analyzed market trends to identify opportunities for innovation.
- Coordinated with regulatory teams to ensure compliance with labeling laws.

Innovative Dairy Solutions

Dec 2015 - Jan 2018

Dairy Research Scientist

- Conducted research on dairy fermentation processes to enhance product flavors.
- Published findings in peer-reviewed journals on dairy science topics.
- Collaborated with industry partners on research projects.
- Designed experiments to optimize dairy processing parameters.
- Mentored junior scientists in laboratory techniques and research methodologies.
- Presented research findings at industry conferences and seminars.

ACHIEVEMENTS

- Successfully launched three new product lines that exceeded sales forecasts by 50%.
- Recognized for innovation in dairy product development at the National Dairy Conference.
- Contributed to a research project that received funding for further development in dairy sustainability.
