# MICHAEL ANDERSON

## PRODUCTION SUPERVISOR

Results-driven Dairy Production Specialist with a decade of experience in large-scale dairy operations, focusing on efficiency enhancement and staff development. Expertise in managing complex production systems and ensuring adherence to quality and safety standards. Proven ability to analyze production data and implement process improvements that lead to substantial cost savings and increased output.

## **PROFESSIONAL EXPERIENCE**

### **Prime Dairy Co.**

*Mar 2018 - Present*

#### Production Supervisor

- Oversaw the daily operations of a 1,000-cow dairy, focusing on production efficiency and quality control.
- Implemented key performance indicators (KPIs) to track and enhance production processes.
- Led a team of 15 employees, providing training and support to improve skillsets and productivity.
- Managed inventory and procurement of supplies, reducing costs by 10% through strategic sourcing.
- Coordinated with veterinary services to ensure optimal herd health and welfare.
- Conducted regular staff meetings to discuss performance and operational improvements.

### **Heritage Farms**

*Dec 2015 - Jan 2018*

#### Dairy Technician

- Assisted in the management of milking operations, ensuring compliance with hygiene standards.
- Monitored cow health and recorded production statistics for quality assurance.
- Participated in the development of herd management strategies to enhance productivity.
- Supported the implementation of new milking technologies and systems.
- Conducted routine maintenance on dairy equipment to ensure optimal functioning.
- Collaborated with the management team to develop staff training programs.

## **ACHIEVEMENTS**

- Increased overall milk production by 25% through process optimization initiatives.
- Received 'Employee of the Year' award for exceptional leadership and performance in 2021.
- Successfully reduced operational costs by implementing efficient resource management strategies.
