MICHAEL ANDERSON

DAIRY NUTRITION CONSULTANT

A highly experienced Dairy Science Consultant specializing in dairy nutrition and feed formulation. With over 12 years in the agricultural sector, this professional has developed a keen expertise in optimizing dairy diets to enhance milk production and cow health. Proven ability to analyze nutritional needs and implement effective feeding strategies that promote growth and lactation performance.

PROFESSIONAL EXPERIENCE

Nutritional Solutions Corp.

Mar 2018 - Present

Dairy Nutrition Consultant

- Conducted nutritional assessments for over 50 dairy farms.
- Developed customized feeding programs based on herd analysis.
- Implemented nutritional strategies that increased milk yield by 18%.
- Organized educational workshops on dairy nutrition.
- Collaborated with veterinarians to ensure herd health through nutrition.
- Utilized software tools to track feed efficiency and costs.

Feed Innovations Inc.

Dec 2015 - Jan 2018

Feed Formulation Specialist

- Formulated balanced diets for lactating cows and heifers.
- Conducted trials to assess the impact of feed additives.
- Analyzed feed costs to optimize budget allocations.
- Developed training materials on feed management.
- Provided technical support to clients regarding dietary adjustments.
- Assessed forage quality and its impact on nutrition.

ACHIEVEMENTS

- Increased average milk production in client herds by 20% through nutritional optimization.
- Published research on the effects of feed efficiency in dairy cattle.
- Recognized for excellence in client education and support.
