- Awarded 'Rising Star' by the State Veterinary Medical Association in 2021.
- Contributed to a 20% increase in herd health compliance among clients through effective education.

# Michael Anderson

## DAIRY VETERINARIAN

Compassionate Dairy Veterinarian with a focus on animal welfare and sustainable farming practices. With over 6 years of experience, I have dedicated my career to improving the health and productivity of dairy herds. My journey began in an animal shelter where I developed a deep understanding of animal care before transitioning to the dairy industry.

## EXPERIENCE

### DAIRY VETERINARIAN

Blue Sky Dairy Solutions

2016 - Present

- Implemented health monitoring systems for over 700 dairy cows, focusing on preventive care.
- Established vaccination protocols that reduced disease incidence by 30% within the first year.
- Provided nutritional counseling, enhancing feed efficiency and overall herd health.
- Conducted reproductive health evaluations and managed breeding programs, achieving a 15% increase in fertility rates.
- Engaged with farmers to develop customized herd health plans based on individual farm needs.
- Facilitated workshops on animal welfare and biosecurity, promoting best practices among clients.

### VETERINARY ASSISTANT

Animal Care Clinic

2014 - 2016

- Supported veterinarians in providing care for various animals, including dairy cattle.
- Assisted with routine examinations and vaccinations, gaining valuable experience in animal handling.
- Managed inventory of medical supplies and ensured compliance with health regulations.
- Participated in client education initiatives, enhancing understanding of preventive care.
- Contributed to a research project on dairy herd management practices.
- Engaged in community service events focused on animal welfare education.
