

MICHAEL ANDERSON

Dairy Veterinarian

Enthusiastic Dairy Veterinarian with a strong commitment to animal health and welfare. With 4 years of experience in veterinary medicine, I have developed a passion for working with dairy cattle and ensuring optimal herd health. My career began in a veterinary internship, where I learned the fundamentals of animal care before focusing on dairy practices.

WORK EXPERIENCE

Dairy Veterinarian

2020-2023

Clover Hill Veterinary Clinic

- Provided veterinary care and health assessments for a herd of over 400 dairy cows.
- Developed preventive health plans that resulted in a 20% reduction in disease occurrences.
- Managed reproductive health programs, achieving a 10% increase in calving rates.
- Conducted nutritional assessments and provided recommendations for feed optimization.
- Engaged in community outreach to promote sustainable dairy practices among local farmers.
- Trained farm staff on effective animal handling and care techniques.

Veterinary Intern

2019-2020

Meadowbrook Animal Hospital

- Assisted in the care of dairy cattle and other large animals, gaining hands-on experience.
- Participated in routine health checks and vaccinations under supervision.
- Engaged with clients to educate them on animal care and disease prevention.
- Supported emergency care efforts for large animal cases.
- Contributed to research projects on veterinary practices and animal welfare.
- Learnt to manage medical records and treatment plans effectively.

ACHIEVEMENTS

- Implemented a health monitoring program that improved herd health compliance by 30%.
- Awarded 'Best Intern' by Meadowbrook Animal Hospital for outstanding performance.
- Contributed to a 15% increase in milk production through targeted health interventions.
