MICHAEL ANDERSON

DASHBOARD DEVELOPER

With over 6 years of experience as a Dashboard Developer in the financial industry, I specialize in creating data-driven solutions that support financial analysis and reporting. My background in finance, combined with technical expertise in dashboard development, enables me to design dashboards that provide critical insights into financial performance metrics.

PROFESSIONAL EXPERIENCE

Global Finance Corp. — *Mar 2018 - Present*
Dashboard Developer

- Designed and maintained financial dashboards that tracked key performance indicators.
- Collaborated with finance teams to define metrics and reporting requirements.
- Utilized advanced Excel functions and Tableau for data visualization.
- Automated monthly reporting processes, reducing preparation time by 50%.
- Conducted in-depth data analysis to identify trends and anomalies.
- Presented dashboard findings to senior management for strategic decision-making.

ABC Investment Group — *Dec 2015 - Jan 2018*
Financial Analyst

- Developed dashboards to visualize investment performance and risk metrics.
- Performed data analysis to support investment strategies and decision-making.
- Collaborated with cross-functional teams to gather financial data and insights.
- Created ad-hoc reports to assist with investment presentations.
- Improved data accuracy by implementing rigorous validation processes.
- Provided training on dashboard tools to new team members.

ACHIEVEMENTS

- Streamlined reporting processes, resulting in a 40% reduction in report generation time.
- Received recognition for outstanding contributions to financial data management.
- Successfully launched a new dashboard that increased visibility into investment performance metrics.
