MICHAEL ANDERSON

DATA ANALYTICS SPECIALIST

Analytical Data Analytics Researcher with over 6 years of experience in the financial services industry, focusing on risk management and compliance analytics. Proven expertise in leveraging data analytics to mitigate risks and enhance regulatory reporting. Proficient in statistical modeling and data visualization, with a strong ability to translate complex data into clear insights.

PROFESSIONAL EXPERIENCE

Global Finance Corp.

Mar 2018 - Present

Data Analytics Specialist

- Conducted risk assessments using statistical models to identify potential financial risks.
- Collaborated with compliance teams to enhance reporting processes through analytics.
- Developed dashboards in Tableau to visualize compliance metrics for senior management.
- Utilized R for advanced data analysis, leading to improved risk mitigation strategies.
- Prepared detailed reports that influenced company policy changes.
- Led training sessions on analytics tools for finance and compliance staff.

Financial Solutions Group

Dec 2015 - Jan 2018

Risk Analyst

- Analyzed financial reports to identify discrepancies and compliance issues.
- Utilized SQL for data extraction and analysis, improving audit processes.
- Collaborated with audit teams to provide data insights that enhanced risk assessments.
- Developed comprehensive risk analysis reports for upper management review.
- Participated in the development of risk management frameworks and policies.
- Assisted in training staff on data governance and compliance best practices.

ACHIEVEMENTS

- Developed a compliance analytics framework that improved reporting accuracy by 40%.
- Recognized as a top performer in the risk management department for two consecutive years.
- Authored a white paper on financial risk analytics published in a leading finance journal.
