MICHAEL ANDERSON
SENIOR SUPPLY CHAIN ANALYST

Data Driven Business Analyst with a focus on operational excellence and supply chain optimization. Expertise in utilizing data analytics to streamline processes, reduce costs, and enhance product delivery timelines. Proven ability to identify inefficiencies within supply chains and implement strategic solutions that align with organizational goals. Strong analytical skills complemented by a solid understanding of logistics and inventory management systems.

PROFESSIONAL EXPERIENCE

Global Logistics Solutions   *Mar 2018 - Present*
Senior Supply Chain Analyst

- Analyzed supply chain performance metrics, leading to a 30% reduction in lead times.
- Developed inventory optimization models that decreased holding costs by 15%.
- Collaborated with vendors to enhance data sharing processes, improving supply chain transparency.
- Implemented process improvements that increased order fulfillment rates by 20%.
- Facilitated workshops on data-driven supply chain strategies for operational teams.
- Created dashboards to visualize supply chain performance for executive review.

Manufacturing Dynamics Corp.   *Dec 2015 - Jan 2018*
Operations Analyst

- Conducted analysis of production data to identify bottlenecks, resulting in a 25% increase in throughput.
- Assisted in the implementation of a new ERP system to enhance operational efficiencies.
- Analyzed customer order patterns to improve demand forecasting accuracy.
- Developed training materials for staff on new data analysis tools and methodologies.
- Engaged in regular communication with cross-functional teams to align operational objectives.
- Presented findings to senior management, influencing strategic operational changes.

ACHIEVEMENTS

- Streamlined supply chain processes, achieving a 20% decrease in operational costs.
- Recognized for developing a predictive model that improved inventory turnover rates.
- Received the Excellence in Operations Award for outstanding contributions to operational efficiency.
