EDUCATION

BACHELOR OF SCIENCE IN HEALTH INFORMATICS, UNIVERSITY OF FLORIDA, 2017

ACHIEVEMENTS

- Improved patient reporting accuracy by implementing new data validation processes.
- Recognized for excellence in data analysis by department heads.
- Led a project that increased efficiency in report generation by 20%.

PROFILE

Results-driven Data Reporting Specialist with 5 years of experience in the healthcare sector. I specialize in synthesizing large sets of medical data to produce actionable reports that inform clinical decisions and operational improvements. My expertise in statistical analysis and reporting software, such as SAS and R, allows me to provide critical insights that enhance patient care while optimizing resource allocation.

EXPERIENCE

DATA REPORTING SPECIALIST

HealthNet Solutions

2016 - Present

- Produced comprehensive reports on patient outcomes to drive clinical initiatives.
- Utilized SAS for statistical analysis of healthcare data sets.
- Collaborated with physicians to define key performance indicators.
- Streamlined reporting processes, reducing turnaround time by 25%.
