EDUCATION

Master's in Industrial Engineering

Georgia Institute of Technology
2016-2020

SKILLS

- Python
- R
- SQL
- Machine Learning
- Data Analysis
- Quality Control

LANGUAGES

- English
- Spanish
- French

Innovative Data Scientist with over 7 years of experience in the manufacturing sector, specializing in process optimization and quality control. Expert in applying statistical methods and machine learning algorithms to improve production efficiency and reduce costs. Strong analytical skills with a proven ability to work with cross-functional teams to identify problems and implement data-driven solutions.

💼 WORK EXPERIENCE

Data Scientist   2020-2023

Manufacturing Insights Corp.

- Developed predictive maintenance models that reduced equipment downtime by 25%.
- Collaborated with engineering teams to enhance product quality through data analysis.
- Utilized data mining techniques to identify inefficiencies in production processes.
- Created dashboards for real-time monitoring of production metrics.
- Presented data-driven recommendations to senior management.
- Trained staff on data analysis tools and methodologies.

Quality Analyst   2019-2020

Industrial Solutions Group

- Conducted statistical analysis to monitor and improve product quality.
- Supported the development of quality control processes through data insights.
- Collaborated with teams to implement data-driven improvements in manufacturing.
- Generated reports to communicate findings to key stakeholders.
- Participated in cross-functional projects to enhance operational efficiency.
- Trained new employees on quality analysis techniques and tools.

★ ACHIEVEMENTS

- Reduced production costs by 15% through process optimizations.
- Received the Excellence in Quality Award for outstanding contributions to product quality.
- Led a project that improved delivery times by 20% through data-driven strategies.
