# MICHAEL ANDERSON

## DATA VISUALIZATION CONSULTANT

Dynamic Data Visualization Designer with a strong background in healthcare analytics, specializing in the development of visual solutions that streamline patient data interpretation and improve clinical outcomes. Expertise in collaborating with healthcare professionals to create intuitive dashboards and visual reports that facilitate data-driven decisions in patient care. Proven ability to leverage data visualization tools to analyze and present complex datasets, ensuring clarity and accessibility for diverse audiences.

## **PROFESSIONAL EXPERIENCE**

### **Health Analytics Group**

*Mar 2018 - Present*

#### Data Visualization Consultant

- Developed interactive dashboards for monitoring patient outcomes, enhancing clinical decision-making.
- Collaborated with medical staff to define visualization requirements for clinical data.
- Implemented visualization solutions that improved data accessibility by 50% in hospital settings.
- Conducted training sessions for staff on effective data interpretation.
- Utilized Power BI to create real-time reporting tools for health metrics.
- Maintained compliance with healthcare regulations in all visual outputs.

### **Wellness Corp**

*Dec 2015 - Jan 2018*

#### Healthcare Data Analyst

- Designed visual reports to track patient demographics and treatment outcomes.
- Utilized SQL and Tableau to analyze healthcare data trends.
- Participated in interdisciplinary teams to improve data visualization strategies.
- Enhanced existing reporting tools based on user feedback.
- Documented visualization processes and best practices for future reference.
- Presented findings to healthcare stakeholders, resulting in improved patient care strategies.

## **ACHIEVEMENTS**

- Improved patient outcome tracking efficiency by 30% through new visualization methods.
- Recipient of 'Excellence in Healthcare Analytics' award 2022.
- Published research on visual analytics in healthcare journals.
