EXPERTISE SKILLS

- custom design
- laser cutting
- project management
- team collaboration
- sustainability
- prototyping

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Arts in Industrial Design, Savannah College of Art and Design

MICHAEL ANDERSON

CUSTOM METAL DESIGNER

Innovative Decorative Metal Artisan dedicated to pushing the boundaries of traditional metalwork through contemporary artistic expressions. With over 8 years of experience in custom metal design, possesses a unique ability to merge aesthetic appeal with practical functionality. Skilled in employing various metalworking techniques, including laser cutting and plasma cutting, to create intricate designs that meet client specifications.

PROFESSIONAL EXPERIENCE

Modern Metal Studio

Mar 2018 - Present

Custom Metal Designer

- Designed and executed custom metal pieces for residential and commercial clients.
- Utilized laser cutting technology to produce precise and intricate designs.
- Collaborated with architects to integrate metalwork into overall design schemes.
- Managed project timelines to ensure on-time delivery of products.
- Conducted site assessments to determine design feasibility and requirements.
- Created prototypes to visualize final products before production.

Precision Metalworks

Dec 2015 - Jan 2018

Metal Fabrication Technician

- Supported fabrication processes by preparing raw materials and equipment.
- Operated plasma cutting machines to create metal components.
- Assisted in the assembly and installation of metal structures.
- Maintained equipment and ensured optimal working conditions.
- Collaborated with design teams to refine and enhance product offerings.
- Contributed to the development of safety protocols in the workshop.

ACHIEVEMENTS

- Recognized as 'Emerging Artist' at the Annual Metal Arts Festival in 2022.
- Increased production efficiency by 25% through process optimization.
- Featured in a design magazine for innovative use of materials in metalwork.
