

MICHAEL ANDERSON

Production Manager

Strategic Decorative Metal Artisan with a focus on industrial applications, possessing over 14 years of experience in the manufacturing and fabrication of metal products. Expert in optimizing production processes to enhance efficiency and reduce costs while maintaining high quality standards. Demonstrated success in leading teams through complex projects, ensuring alignment with operational objectives.

WORK EXPERIENCE

Production Manager

2020-2023

Tech Metal Solutions

- Oversaw the production of metal components for industrial machinery.
- Implemented lean manufacturing principles to streamline operations.
- Managed a team of fabricators to meet production deadlines.
- Conducted regular training sessions to enhance team skills and safety awareness.
- Monitored quality control processes to ensure product specifications.
- Collaborated with engineering teams to develop new product lines.

Metal Fabrication Engineer

2019-2020

Industrial Metalworks

- Designed and optimized metal components for manufacturing processes.
- Conducted feasibility studies to assess new project viability.
- Managed project lifecycles from concept through to production.
- Developed technical documentation for production standards.
- Coordinated with suppliers to source quality materials.
- Performed root cause analysis to resolve manufacturing issues.

ACHIEVEMENTS

- Reduced production costs by 20% through process improvements.
- Received 'Excellence in Manufacturing' award in 2022.
- Successfully launched a new line of eco-friendly metal products.
