MICHAEL ANDERSON

CYBER INTELLIGENCE ANALYST

Insightful Defense Intelligence Analyst specializing in cyber threat intelligence and information assurance. Expertise in identifying vulnerabilities within critical infrastructure and developing strategies to mitigate risk. Demonstrates a strong command of cybersecurity frameworks and threat modeling methodologies. Proven ability to collaborate with technical teams to enhance situational awareness and response capabilities. Recognized for delivering impactful intelligence products that inform cybersecurity policies and operational decisions.

PROFESSIONAL EXPERIENCE

Cybersecurity and Infrastructure Security Agency   *Mar 2018 - Present*
Cyber Intelligence Analyst

- Analyzed cyber threat landscapes to identify potential risks to national infrastructure.
- Developed threat intelligence reports that informed cybersecurity operations.
- Collaborated with private sector partners to enhance information sharing.
- Conducted vulnerability assessments and penetration testing on critical systems.
- Participated in incident response teams to mitigate cyber threats.
- Presented quarterly reports to executive leadership on emerging cyber threats.

National Cybersecurity Center   *Dec 2015 - Jan 2018*
Defense Intelligence Analyst

- Monitored cyber threat actors and their tactics, techniques, and procedures.
- Produced intelligence briefings for government stakeholders regarding cyber threats.
- Engaged in collaborative exercises to test incident response capabilities.
- Utilized advanced analytics to predict potential cyber attack vectors.
- Authored best practice guidelines for incident management.
- Contributed to cross-agency initiatives aimed at improving national cybersecurity posture.

ACHIEVEMENTS

- Recipient of the Cybersecurity Excellence Award for outstanding contributions to national defense.
- Developed a framework that improved threat detection capabilities by 40%.
- Key contributor to the National Cyber Strategy document.
