# MICHAEL ANDERSON

## CYBER DEFENSE POLICY ANALYST

Dynamic Defense Policy Analyst with a focus on cyber security and technological advancements in defense systems. Extensive experience in analyzing the intersection of technology and defense policy, particularly in the context of emerging threats in the cyber domain. Proven ability to develop strategic recommendations that enhance national security posture against cyber threats.

## **PROFESSIONAL EXPERIENCE**

### **Cybersecurity and Infrastructure Security Agency** *Mar 2018 - Present*

Cyber Defense Policy Analyst

- Conducted vulnerability assessments on defense systems to identify cyber risks.
- Developed cyber defense policies in collaboration with IT and security teams.
- Analyzed cyber threat intelligence to inform policy adjustments and strategies.
- Presented findings to senior management to advocate for enhanced cyber defenses.
- Facilitated training programs to raise awareness of cyber threats among personnel.
- Collaborated with external agencies to strengthen national cyber defense initiatives.

### **Defense Advanced Research Projects Agency** *Dec 2015 - Jan 2018*

Defense Technology Analyst

- Evaluated emerging technologies for their potential application in defense strategies.
- Conducted research on the implications of AI and machine learning in defense operations.
- Collaborated with engineers to assess the viability of new defense technologies.
- Prepared reports on technology trends and their impact on national security.
- Engaged with industry stakeholders to promote innovative defense solutions.
- Authored policy recommendations to integrate technology into defense planning.

## **ACHIEVEMENTS**

- Developed a cyber defense strategy that reduced vulnerabilities by 30%.
- Received recognition for contributions to national cyber security initiatives.
- Published influential reports on the future of defense technologies.
