MICHAEL ANDERSON

DEMOGRAPHIC RESEARCH ANALYST

Results-driven Demographer with over 5 years of experience in the non-profit sector, focusing on demographic research to inform social justice initiatives. Adept at employing qualitative and quantitative methods to assess community needs and advocate for underrepresented populations. Strong background in data collection, analysis, and report generation, with a passion for using demographics to promote equity and access in various social programs.

PROFESSIONAL EXPERIENCE

Social Justice Non-Profit Organization

Mar 2018 - Present

Demographic Research Analyst

- Conducted demographic research to identify barriers faced by marginalized communities.
- Designed and implemented surveys to gather community feedback on social services.
- Analyzed data trends to support advocacy efforts and policy recommendations.
- Collaborated with community organizations to ensure diverse representation in research.
- Developed reports that communicated research findings to stakeholders and decision-makers.
- Facilitated workshops to educate community members on demographic issues and advocacy strategies.

Community Development Research Center

Dec 2015 - Jan 2018

Research Assistant

- Assisted in demographic studies focused on housing and economic development.
- Collected and analyzed data to inform community development projects.
- Supported the development of presentations and reports for community stakeholders.
- Engaged with local residents to gather qualitative data on their needs and experiences.
- Helped organize community forums to discuss demographic findings and implications.
- Maintained databases to ensure accurate tracking of demographic data.

ACHIEVEMENTS

- Improved community service outreach by 30% through targeted demographic research.
- Received the Community Impact Award for exceptional contributions to social justice initiatives.
- Published a policy brief that influenced local government funding for social services.
