SKILLS

- Clinical Trial Management
- Data Analysis
- Project Management
- Regulatory Compliance
- Statistical Software
- Research Reporting

EDUCATION

**BACHELOR OF SCIENCE IN STATISTICS,
UNIVERSITY OF ANALYTICS**

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Successfully led a trial that resulted in a new dental product launch.
- Increased data accuracy by implementing new data verification processes.
- Awarded 'Best Research Project' at the annual dental conference in 2021.

Michael Anderson

CLINICAL TRIAL MANAGER

Detail-oriented Dental Clinical Researcher with 6 years of experience in clinical trial management and data analysis. My expertise lies in overseeing the execution of dental research studies that aim to improve clinical practices and patient care. I have a strong background in project management, ensuring that research activities are completed on time and within budget.

EXPERIENCE

CLINICAL TRIAL MANAGER

Advanced Dental Research Lab

2016 - Present

- Managed multiple clinical trials assessing new dental technologies and treatments.
- Coordinated with cross-functional teams to ensure project milestones were met.
- Utilized REDCap for data collection and maintained data integrity throughout studies.
- Prepared regulatory submissions and ensured compliance with ethical standards.
- Trained research staff on protocol adherence and data management practices.
- Presented interim results to stakeholders to inform ongoing project direction.

RESEARCH DATA ANALYST

Dental Innovations Institute

2014 - 2016

- Conducted statistical analyses to evaluate the efficacy of dental interventions.
- Assisted in the development of research protocols and study designs.
- Managed data entry processes and ensured accuracy of research records.
- Collaborated with researchers to interpret data and draw meaningful conclusions.
- Created detailed reports for publication and presentation purposes.
- Participated in team meetings to discuss project progress and challenges.
