Michael Anderson

CONTINUING EDUCATION COORDINATOR

I am a Dental Education Consultant with 9 years of experience focusing on continuing education for dental professionals. My background combines clinical expertise with a passion for teaching, allowing me to create impactful and relevant educational experiences. I have collaborated with various dental organizations to develop training programs that meet the evolving needs of practitioners in this field.

EXPERIENCE

CONTINUING EDUCATION COORDINATOR

National Dental Association

2016 - Present

- Developed and implemented continuing education programs that attracted over 1,500 participants annually.
- Utilized participant feedback to enhance course offerings and improve satisfaction ratings.
- Organized hands-on workshops that significantly increased practical skills among attendees.
- Collaborated with industry experts to ensure the relevance of training content.
- Managed logistics for educational events, including scheduling and venue selection.
- Produced educational materials that supported learning objectives and improved retention.

DENTAL EDUCATION SPECIALIST

Dental Practice Improvement Group

2014 - 2016

- Designed training curricula that enhanced clinical skills and knowledge retention among dental staff.
- Conducted evaluations of educational programs to ensure quality and effectiveness.
- Facilitated training sessions that yielded a 25% improvement in clinical outcomes.
- Developed resources that supported ongoing education and professional development.
- Established partnerships with dental schools to enhance training initiatives.
- Advocated for evidence-based practices within educational materials and training.
