MICHAEL ANDERSON

ORAL SURGEON

Results-driven dental practitioner with over 12 years of experience in oral surgery and implantology. I have a robust background in performing complex surgical procedures, including wisdom tooth extractions and dental implants, with a focus on patient safety and post-operative care. My expertise in advanced surgical techniques has led to a high success rate and improved patient outcomes.

PROFESSIONAL EXPERIENCE

Advanced Dental Surgery Center

Mar 2018 - Present

Oral Surgeon

- Performed over 500 successful oral surgical procedures including implants and extractions.
- Developed surgical protocols that improved recovery times by 30%.
- Utilized 3D imaging technology for precise surgical planning.
- Trained and mentored junior dentists in surgical techniques.
- Maintained a complication rate below 5% through meticulous patient assessment.
- Conducted post-operative follow-ups to ensure optimal healing.

Dental Health Associates

Dec 2015 - Jan 2018

General Dentist

- Provided comprehensive dental care, focusing on surgical and non-surgical treatments.
- Conducted initial assessments and developed treatment plans for surgical cases.
- Collaborated with specialists to optimize patient care.
- Implemented pain management protocols to enhance patient comfort.
- Engaged in community health initiatives to promote oral health.
- Received positive feedback from patients for thorough consultations.

ACHIEVEMENTS

- Recognized for 'Excellence in Oral Surgery' by the National Dental Association in 2021.
- Increased patient referrals by 35% through superior surgical outcomes.
- Contributed to a research paper on innovative surgical techniques published in a dental journal.
