MICHAEL ANDERSON

CLINICAL DENTAL HEALTH SPECIALIST

Dynamic Dental Public Health Specialist with 7 years of experience in clinical settings and community health. Expertise in preventive dentistry and oral disease management, particularly in high-risk populations. Adept at conducting needs assessments and developing tailored interventions that improve access to dental services. Strong focus on health education and promoting healthy behaviors among diverse communities.

PROFESSIONAL EXPERIENCE

Urban Health Center

Mar 2018 - Present

Clinical Dental Health Specialist

- Provided clinical support for dental health programs, focusing on preventive care for at-risk populations.
- Conducted oral health screenings and assessments to identify patients' needs.
- Developed and implemented individualized care plans in collaboration with dental teams.
- Utilized electronic health records to track patient outcomes and program effectiveness.
- Led community outreach events to promote dental services and healthy habits.
- Trained dental staff on cultural competency and effective communication strategies.

Healthy Futures Foundation

Dec 2015 - Jan 2018

Oral Health Educator

- Designed and delivered educational programs on oral health for schools and community organizations.
- Implemented interactive workshops to engage participants in healthy dental practices.
- Coordinated with local health departments to align programs with community health goals.
- Evaluated program impact through participant feedback and health outcome data.
- Created promotional materials that increased program attendance by 30%.
- Established a mentorship program for young health educators to foster professional growth.

ACHIEVEMENTS

- Increased patient engagement in preventive services by 40% through targeted outreach efforts.
- Recognized for excellence in patient education with the 'Outstanding Educator' award.
- Developed a community partnership that provided free dental screenings to over 1,500 children.
