- Recipient of the Community Impact Award for excellence in public health initiatives.
- Successfully secured funding for educational programs targeting high-risk populations.

WORK EXPERIENCE

COMMUNITY DENTAL HEALTH COORDINATOR

Rural Health Alliance

2020 - 2025

- Coordinated community outreach initiatives to increase awareness of dental services available in rural areas.
- Developed partnerships with local organizations to expand access to dental care for low-income families.
- Organized health fairs that provided free dental screenings and education to over 2,000 residents.
- Utilized community surveys to assess needs and tailor programs accordingly.
- Trained community volunteers to assist in outreach efforts and education campaigns.
- Monitored program outcomes and reported findings to stakeholders for continuous improvement.

DENTAL HEALTH EDUCATOR

Community Wellness Center

2015 - 2020

- Facilitated educational workshops on oral hygiene practices for families and children.
- Developed engaging materials to promote oral health awareness in schools.
- Conducted assessments to identify barriers to dental care access and addressed them through targeted programs.
- Collaborated with local schools to integrate dental health education into their curriculum.
- Evaluated the effectiveness of educational programs through participant feedback and health outcomes.
- Increased program attendance by 50% through effective marketing strategies.
