Michael Anderson

POLICY ANALYST FOR DENTAL HEALTH

Innovative Dental Public Health Specialist with over 6 years of experience in policy development and program evaluation. Proven ability to create and implement effective public health strategies that address oral health disparities. Strong analytical skills with a focus on data-driven decision making. Experienced in collaborating with multi-disciplinary teams to enhance community health outcomes.

EXPERIENCE

POLICY ANALYST FOR DENTAL HEALTH

Institute for Public Health Policy

2016 - Present

- Conducted research and analysis on dental health policies impacting underserved communities.
- Collaborated with government agencies to develop policies promoting equitable access to dental care.
- Prepared policy briefs and recommendations based on data analysis to inform decision-makers.
- Facilitated stakeholder meetings to discuss and promote new public health initiatives.
- Monitored legislative changes related to dental health and assessed their impact on communities.
- Led workshops to educate community leaders on policy advocacy and public health strategies.

PUBLIC HEALTH PROGRAM EVALUATOR

Community Health Institute

2014 - 2016

- Evaluated the effectiveness of public health programs related to dental health outcomes.
- Designed data collection tools and methodologies for program assessment.
- Analyzed program data to identify areas for improvement and report findings to stakeholders.
- Developed training resources for staff on evaluation techniques and outcomes measurement.
- Presented evaluation results to community partners and recommended actionable changes.
- Increased program efficiency by 20% through targeted recommendations based on data analysis.
