MICHAEL ANDERSON

PEDIATRIC DENTAL RADIOLOGY SPECIALIST

Enthusiastic Dental Radiology Specialist with a focus on pediatric dentistry and a passion for creating positive patient experiences. With over 6 years of dedicated service in pediatric dental practices, I have developed a unique approach to radiology that prioritizes the comfort and understanding of young patients. My experience includes using age-appropriate imaging techniques and communicating effectively with children and their parents about the importance of dental radiography.

PROFESSIONAL EXPERIENCE

Kids Dental Care Center

Mar 2018 - Present

Pediatric Dental Radiology Specialist

- Specialized in pediatric radiographic procedures, ensuring a child-friendly atmosphere during imaging.
- Utilized advanced imaging technology to minimize radiation exposure for young patients.
- Educated parents on radiographic processes, increasing their understanding and comfort levels.
- Collaborated with pediatric dentists to establish protocols for safe imaging practices.
- Conducted regular training for staff on pediatric radiology techniques and patient interaction.
- Improved patient compliance for imaging appointments by 25% through engagement strategies.

Happy Teeth Dental Clinic

Dec 2015 - Jan 2018

Dental Radiology Assistant

- Assisted in taking dental radiographs, focusing on comfort and safety for young patients.
- Maintained accurate records of imaging procedures, contributing to improved patient tracking.
- Helped develop educational materials about dental imaging for parents and children.
- Participated in community health fairs to promote pediatric dental health awareness.
- Streamlined the appointment scheduling process, reducing cancellations by 15%.
- Provided exceptional patient care, leading to positive feedback from both parents and children.

ACHIEVEMENTS

- Developed a new pediatric imaging protocol that reduced patient anxiety by 30%.
- Recognized for exceptional patient service with the 'Compassionate Care Award'.
- Increased community outreach participation by 40% through engaging educational programs.
