

# MICHAEL ANDERSON

Dental Radiology Technician

- San Francisco, CA
- (555) 234-5678
- michael.anderson@email.com

Dynamic Dental Radiology Specialist with 4 years of experience in hospital-based dental imaging. My expertise lies in providing diagnostic imaging services in high-stress environments, ensuring patient safety and comfort while delivering accurate results. I have worked closely with healthcare teams to integrate dental imaging into broader medical care plans, emphasizing the importance of interdisciplinary collaboration.

## WORK EXPERIENCE

### Dental Radiology Technician | Metro City Hospital

Jan 2022 – Present

- Performed a wide range of dental imaging procedures for emergency and inpatient cases.
- Collaborated with medical staff to ensure timely and accurate imaging services.
- Educated patients on imaging processes, reducing anxiety and enhancing cooperation.
- Maintained a clean and safe imaging environment, adhering to hospital protocols.
- Managed imaging equipment, ensuring readiness for emergency situations.
- Contributed to a 20% reduction in patient wait times for imaging services.

### Dental Radiology Assistant | City Medical Center

Jul 2019 – Dec 2021

- Assisted in dental radiography for both outpatient and inpatient procedures.
- Engaged with patients to explain imaging procedures, enhancing their comfort levels.
- Maintained accurate documentation of imaging results and patient records.
- Participated in quality assurance initiatives to improve imaging accuracy.
- Streamlined patient intake processes to enhance service delivery.
- Achieved positive feedback from patients regarding their imaging experiences.
