

# MICHAEL ANDERSON

Geriatric Dental Surgeon

- San Francisco, CA
- (555) 234-5678
- michael.anderson@email.com

Innovative and motivated Dental Surgeon with a specialization in geriatric dentistry, possessing over 6 years of experience in delivering oral care to elderly patients. I understand the unique challenges faced by older adults and strive to provide compassionate, patient-centered care tailored to their specific needs. My knowledge of age-related dental issues allows me to develop effective treatment plans that enhance the quality of life for my patients.

## WORK EXPERIENCE

### Geriatric Dental Surgeon | Senior Smile Dental Care

Jan 2022 – Present

- Provided comprehensive dental care for elderly patients, focusing on preventive and restorative treatments.
- Adapted treatment plans to accommodate the unique needs of geriatric patients.
- Educated patients and caregivers about oral health issues related to aging.
- Collaborated with healthcare teams to provide integrated care for patients with chronic conditions.
- Participated in community outreach programs to promote dental health awareness among seniors.
- Maintained meticulous patient records and treatment documentation.

### Dental Associate | Elder Care Dental Services

Jul 2019 – Dec 2021

- Assisted in providing dental care to elderly patients in a supportive and understanding environment.
- Conducted assessments to identify dental needs and develop appropriate treatment plans.
- Engaged in continuous education on geriatric dental care practices and approaches.
- Maintained compliance with safety and hygiene regulations in the clinic.
- Facilitated communication with caregivers to ensure continuity of care.
- Promoted preventive care practices to enhance oral health among seniors.
