- 📍 San Francisco, CA

### SKILLS

- Interventional Radiology
- Patient Safety
- Workflow Management
- Team Leadership
- Advanced Imaging Techniques
- Patient Education

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**MASTER OF SCIENCE IN RADIOLOGIC SCIENCES, UNIVERSITY OF HEALTH, 2009**

### ACHIEVEMENTS

- Received the Radiographer of the Year award for excellence in patient care.
- Implemented a new patient tracking system, improving follow-up care by 30%.
- Authored a paper on innovative techniques in interventional radiology published in a peer-reviewed journal.

### WORK EXPERIENCE

#### LEAD INTERVENTIONAL RADIOGRAPHER

Specialty Care Hospital

2020 - 2025

- Performed complex interventional procedures, including catheter placements and biopsies, ensuring patient safety and comfort.
- Implemented new imaging protocols that improved procedure accuracy and reduced patient recovery times by 20%.
- Supervised a team of radiographers, providing training and mentorship to enhance skill sets.
- Utilized advanced imaging equipment to deliver high-quality diagnostic results in real-time.
- Collaborated with surgical teams to develop comprehensive treatment plans for patients.
- Conducted patient education sessions to inform individuals about procedures and care plans.

#### RADIOGRAPHER

Advanced Imaging Center

2015 - 2020

- Executed a range of diagnostic imaging studies, ensuring adherence to safety and quality standards.
- Maintained imaging equipment, minimizing downtime and ensuring optimal performance.
- Engaged with patients to explain imaging processes, enhancing their comfort and understanding.
- Participated in departmental audits that led to a 10% increase in operational efficiency.
- Assisted in research initiatives focused on improving interventional radiology techniques.
- Documented imaging results accurately, facilitating timely clinical decision-making.
