MICHAEL ANDERSON

SENIOR POLICY ADVISOR

Innovative Digital Agriculture Policy Specialist with a focus on sustainable agricultural practices and digital transformation. Over 12 years of experience in the agricultural sector, specializing in the integration of digital technologies to enhance food security and environmental sustainability. Demonstrated capability in leading multi-stakeholder initiatives that promote the adoption of precision agriculture tools.

PROFESSIONAL EXPERIENCE

Sustainable Agriculture Coalition

Mar 2018 - Present

Senior Policy Advisor

- Advised on digital agriculture strategies to promote sustainability.
- Facilitated partnerships between farmers and technology providers.
- Conducted workshops to educate stakeholders on digital tools in agriculture.
- Authored influential policy documents advocating for sustainable practices.
- Evaluated the environmental impact of agricultural technologies.
- Engaged in international dialogue on sustainable agriculture policies.

Food and Agriculture Organization

Dec 2015 - Jan 2018

Policy Research Officer

- Conducted research on the impact of technology on food security.
- Analyzed global agricultural policies and their implications.
- Developed recommendations for integrating digital tools in farming.
- Participated in field studies to assess technology adoption.
- Collaborated with international teams on policy initiatives.
- Presented research findings at global forums on agriculture.

ACHIEVEMENTS

- Played a key role in developing a national strategy for sustainable digital agriculture.
- Recognized for leadership in advancing climate-smart agricultural policies.
- Published multiple articles in peer-reviewed journals on digital agriculture.
