Michael Anderson

DIGITAL AGRICULTURE CONSULTANT

As a Digital Agriculture Scientist with a rich background in environmental science and technology, I specialize in developing solutions that address the challenges of modern agriculture. Over the past 6 years, I have focused on integrating digital tools with sustainable farming practices to enhance productivity and environmental stewardship. My work involves collaborating with farmers, researchers, and industry stakeholders to implement innovative technologies that promote sustainable agricultural practices.

EXPERIENCE

DIGITAL AGRICULTURE CONSULTANT

AgriFuture Consulting

2016 - Present

- Provided expert advice on the adoption of digital agriculture technologies.
- Conducted assessments of farm operations to improve efficiency.
