I am a dedicated Digital Curriculum Designer with over 5 years of experience in the field of higher education. My journey began as an academic advisor where I recognized the critical need for effective learning materials that resonate with students. This realization led me to pursue a career in instructional design, focusing on developing digital content that enhances student learning and engagement.

💼 WORK EXPERIENCE

Instructional Designer   2020-2023

University of Innovation

- Redesigned over 20 undergraduate courses into engaging online formats, resulting in a 35% increase in student satisfaction.
- Collaborated with faculty to develop multimedia-rich content that enhances the learning experience.
- Utilized LMS to track student progress and course engagement.
- Created assessment tools that provide timely feedback to students.
- Facilitated training sessions for faculty on effective online teaching strategies.
- Evaluated course effectiveness through student feedback and performance metrics.

Academic Advisor   2019-2020

Future Leaders College

- Guided students in academic planning, improving retention rates by 20%.
- Conducted workshops on study skills and effective learning strategies.
- Monitored student progress and provided personalized support to enhance academic performance.
- Collaborated with faculty to develop supplemental learning materials.
- Assisted in the development of orientation programs for new students.
- Engaged with students to gather feedback on academic resources and support services.

★ ACHIEVEMENTS

- Received 'Best New Educator' award for innovative course design in 2020.
- Increased online course completion rates by 25% through strategic enhancements.
- Presented at the Annual Higher Education Conference on digital curriculum best practices.
