MICHAEL ANDERSON

JUNIOR DIGITAL EVIDENCE ANALYST

Proficient Digital Evidence Analyst with a strong foundation in cyber investigations and data analysis. Demonstrates a high level of technical acumen in utilizing various forensic tools to recover and analyze digital evidence. Known for meticulous attention to detail and a results-oriented approach to complex investigations. Effectively communicates findings to both technical and non-technical stakeholders, ensuring clarity and comprehension.

PROFESSIONAL EXPERIENCE

InnovaTech Solutions

Mar 2018 - Present

Junior Digital Evidence Analyst

- Assisted in the collection and preservation of digital evidence for investigations.
- Utilized forensic imaging tools to create copies of digital media.
- Conducted preliminary analysis of data to identify relevant evidence.
- Maintained chain of custody documentation for all evidence handled.
- Collaborated with senior analysts on complex cases.
- Participated in training sessions to enhance technical skills.

TechRecover Inc.

Dec 2015 - Jan 2018

Data Recovery Technician

- Executed data recovery processes on damaged and corrupted devices.
- Utilized tools such as R-Studio and Recuva for data retrieval.
- Documented recovery procedures and outcomes for client reports.
- Worked closely with clients to understand their data recovery needs.
- Provided technical support and guidance on data management.
- Ensured compliance with data protection regulations during recovery processes.

ACHIEVEMENTS

- Successfully assisted in recovering data for over 100 clients.
- Recognized for outstanding performance in a fast-paced environment.
- Developed a best practices guide for data recovery processes.
