### SKILLS

- renewable energy
- carbon capture
- project management
- energy efficiency
- data analysis
- stakeholder engagement

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**BACHELOR OF SCIENCE IN RENEWABLE ENERGY ENGINEERING, UNIVERSITY OF CALIFORNIA, BERKELEY**

### ACHIEVEMENTS

- Successfully implemented a carbon capture project that reduced emissions by 35%.
- Recipient of the Renewable Energy Innovator Award for exceptional project leadership.
- Published research on renewable energy solutions in industry journals.

### WORK EXPERIENCE

#### RENEWABLE ENERGY DIRECTOR

Green Future Technologies

2020 - 2025

- Led the transition to renewable energy sources, achieving a 60% reduction in carbon emissions.
- Developed innovative carbon capture and storage projects, securing funding and partnerships.
- Managed project teams to ensure successful implementation of sustainability initiatives.
- Evaluated and optimized energy efficiency programs across the organization.
- Presented renewable energy strategies to stakeholders and the board of directors.
- Conducted feasibility studies for potential carbon reduction projects.

#### ENERGY ANALYST

Power Solutions Inc.

2015 - 2020

- Analyzed energy consumption data to identify opportunities for carbon reduction.
- Collaborated with engineering teams to develop energy-efficient technologies.
- Prepared reports on energy savings and carbon emissions reductions for management.
- Facilitated training sessions on renewable energy best practices.
- Supported the development of corporate sustainability goals and metrics.
- Engaged with external stakeholders to promote energy efficiency initiatives.
