EDUCATION

MASTER OF SCIENCE IN RENEWABLE ENERGY, UNIVERSITY OF EDINBURGH

ACHIEVEMENTS

- Recognized as a 'Top Innovator' by the Energy Storage Association in 2021.
- Increased project delivery efficiency by 30% through improved processes.
- Successfully secured \$5 million in funding for innovative energy projects.

WORK EXPERIENCE

DIRECTOR OF STRATEGIC INITIATIVES

Future Energy Technologies

2020 - 2025

- Led the creation of innovative energy storage strategies that enhanced project viability and market competitiveness.
- Developed and executed strategic plans that aligned with organizational goals and market trends.
- Managed a diverse team of professionals, fostering collaboration and innovation.
- Engaged with regulatory bodies to ensure compliance with evolving energy policies.
- Conducted in-depth market research to identify emerging opportunities in energy storage.
- Presented strategic recommendations to the board, influencing key business decisions.

PROGRAM MANAGER

Sustainable Energy Solutions

2015 - 2020

- Managed multiple energy storage projects from conception to completion, ensuring alignment with client objectives.
- Coordinated efforts between engineering, finance, and operations teams to optimize project outcomes.
- Facilitated stakeholder meetings to gather input and foster collaboration.
- Monitored project budgets and timelines, implementing corrective actions when necessary.
- Authored project reports and presentations for stakeholders, ensuring transparency and accountability.
- Identified and mitigated project risks, ensuring successful project delivery.
