

MICHAEL ANDERSON

DIRECTOR OF OPERATIONS

PROFILE

Dynamic executive with a robust background in municipal waste management and environmental policy. Expertise lies in optimizing waste collection systems and enhancing recycling programs through innovative technology and community engagement. Extensive experience in managing large-scale waste operations and fostering partnerships with governmental and private organizations. Proven ability to drive change through strategic planning and execution, resulting in significant improvements in waste diversion and operational efficiency.

EXPERIENCE

DIRECTOR OF OPERATIONS

City Waste Solutions

2016 - Present

- Directed waste collection services for over 200,000 residents, ensuring high-quality service delivery.
- Implemented route optimization software, reducing fuel consumption by 15%.
- Managed a team of 75+ employees, focusing on training and development.
- Established partnerships with local businesses to enhance recycling participation.
- Conducted community workshops to educate residents on waste reduction practices.
- Analyzed performance metrics to identify areas for improvement and cost savings.

WASTE MANAGEMENT COORDINATOR

Green City Project

2014 - 2016

- Coordinated city-wide recycling initiatives, achieving a 20% increase in participation rates.
- Developed educational materials to promote waste reduction and sustainability.
- Monitored compliance with environmental regulations and enforced waste management policies.
- Conducted outreach to underserved communities to increase program accessibility.
- Implemented a pilot composting program that diverted organic waste from landfills.
- Facilitated stakeholder meetings to gather feedback and enhance program effectiveness.
