## **EXPERTISE SKILLS**

- water resource engineering
- project management
- data analysis
- hydraulic modeling
- community engagement
- regulatory compliance

## **LANGUAGES**

- English
- Spanish
- French

## **CERTIFICATION**

- Bachelor of Science in Civil Engineering, University of Michigan

# MICHAEL ANDERSON

## WATER RESOURCES ENGINEER

Dynamic and analytical professional with extensive expertise in water resource engineering and management, spanning over 14 years in both public and private sectors. Focused on integrating innovative technologies to enhance water distribution efficiency while ensuring compliance with environmental regulations. Proven ability to lead major infrastructure projects from conception through execution, ensuring alignment with strategic objectives.

## **PROFESSIONAL EXPERIENCE**

### **HydroDynamics Corp**

*Mar 2018 - Present*

Water Resources Engineer

- Engineered solutions for stormwater management that improved urban resilience.
- Designed and implemented a water quality monitoring program.
- Collaborated with local governments to optimize water treatment processes.
- Utilized hydraulic modeling software to enhance water flow efficiency.
- Conducted site assessments for potential water infrastructure projects.
- Provided technical expertise in regulatory compliance audits.

### **City of Springfield**

*Dec 2015 - Jan 2018*

Project Manager, Water Resources

- Managed a team of engineers in the execution of a \$5 million water supply project.
- Developed project timelines and budgets to ensure on-time delivery.
- Engaged with community stakeholders to address concerns regarding water quality.
- Coordinated with contractors to oversee construction activities.
- Presented project updates to city council and community boards.
- Monitored project performance metrics to ensure compliance with standards.

## **ACHIEVEMENTS**

- Led a project that won the State Engineering Excellence Award.
- Reduced operational costs by 20% through process optimization.
- Developed a community outreach program that increased public awareness by 50%.
