ACHIEVEMENTS

- Received the Community Impact Award for initiating disaster preparedness community outreach programs.
- Successfully increased community participation in emergency drills by 50%.
- Contributed to the development of a statewide disaster management framework adopted by local agencies.

PROFILE

Dynamic and results-driven Disaster Management Officer with a robust background in environmental science and public safety. Proven expertise in developing and executing disaster management plans that prioritize community safety and environmental protection. Demonstrated ability to lead diverse teams in high-pressure situations, ensuring effective coordination and response to emergencies. Strong communication skills enable the establishment of strategic partnerships with local governments and organizations to enhance disaster preparedness.

EXPERIENCE

DISASTER PREPAREDNESS MANAGER

Environmental Safety Council

2016 - Present

- Developed and executed disaster preparedness programs focused on environmental impacts.
- Conducted risk assessments to identify vulnerabilities in local infrastructure.
- Collaborated with local governments to enhance emergency response frameworks.
- Facilitated community workshops on disaster readiness and environmental safety.
- Utilized simulation exercises to test emergency response capabilities.
- Managed a team of specialists to create educational resources for public dissemination.

EMERGENCY RESPONSE ANALYST

State Department of Emergency Services

2014 - 2016

- Analyzed data to assess the effectiveness of emergency response operations.
- Coordinated with various agencies to streamline disaster response efforts.
- Developed metrics to evaluate community resilience post-disaster.
- Prepared detailed reports for state officials on emergency management performance.
- Participated in regional planning committees to improve disaster response policies.
- Conducted training sessions for first responders on environmental hazards.
