

MICHAEL ANDERSON

Cloud Developer

I am a dedicated Distributed Systems Developer with 5 years of hands-on experience in cloud-native applications and distributed architectures. My journey in technology has been marked by a strong focus on building resilient systems that adapt to changing demands. I have a knack for utilizing modern tools and platforms like Kubernetes and AWS to create solutions that are both scalable and maintainable.

WORK EXPERIENCE

Cloud Developer

2020-2023

NextGen Technologies

- Designed and implemented serverless applications on AWS Lambda, reducing costs by 30%.
- Utilized Kubernetes for orchestrating containerized applications across multiple environments.
