EXPERTISE SKILLS

- Non-destructive testing
- Team leadership
- Quality assurance
- Process optimization
- Technical documentation
- Equipment management

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Science in Materials Engineering, Institute of Technology, 2011

MICHAEL ANDERSON

LEAD DYE PENETRANT TESTING TECHNICIAN

Accomplished Dye Penetrant Testing Technician with a dedicated career spanning over 12 years in advanced non-destructive testing. Demonstrates an exceptional ability to execute comprehensive inspections and assessments on critical components across various industries. Exhibits an in-depth knowledge of testing methodologies, including liquid penetrant and magnetic particle testing, ensuring compliance with industry standards and specifications.

PROFESSIONAL EXPERIENCE

JKL Industrial Services

Mar 2018 - Present

Lead Dye Penetrant Testing Technician

- Oversaw operations of the dye penetrant testing department, ensuring adherence to safety and quality standards.
- Implemented training sessions for staff on advanced testing techniques and safety protocols.
- Analyzed and interpreted test results, providing actionable insights to engineering teams.
- Managed calibration and maintenance of testing equipment, ensuring optimal functionality.
- Produced comprehensive reports detailing inspection findings and recommendations for corrective actions.
- Participated in customer meetings to discuss testing outcomes and address concerns.

MNO Aerospace

Dec 2015 - Jan 2018

Dye Penetrant Testing Specialist

- Conducted extensive inspections on aerospace components utilizing dye penetrant methods.
- Collaborated with quality assurance teams to develop and refine testing protocols.
- Led initiatives to improve inspection accuracy, resulting in a 25% decrease in false positives.
- Documented inspection results meticulously, ensuring compliance with FAA regulations.
- Mentored junior technicians, fostering a knowledgeable and skilled workforce.
- Contributed to industry workshops and seminars, sharing expertise in non-destructive testing.

ACHIEVEMENTS

- Awarded Technician of the Year for exceptional performance and commitment to quality.
- Successfully led a project that enhanced inspection protocols, reducing processing time by 20%.
- Recognized for contributions to industry publications on non-destructive testing methodologies.
