

MICHAEL ANDERSON

Lead Dynamics Artist

Versatile Dynamics Artist with a rich background in developing dynamic visual effects for various interactive platforms. Expertise in translating creative concepts into engaging visual experiences that enhance user interaction. Strong collaborator with a proven ability to work effectively in multidisciplinary teams, ensuring that artistic and technical standards are met. Skilled in utilizing advanced software tools to create high-quality dynamic simulations and effects.

EDUCATION

Bachelor of Fine Arts in Game Art
Savannah College of Art and Design
2016-2020

SKILLS

- Dynamic visual effects
- Team leadership
- Simulation techniques
- Asset optimization
- Game design
- Creative collaboration

LANGUAGES

- English
- Spanish
- French

WORK EXPERIENCE

Lead Dynamics Artist 2020-2023
CD Projekt Red

- Oversaw the dynamics team in creating immersive effects for open-world environments.
- Implemented state-of-the-art simulation techniques to enhance realism.
- Worked closely with narrative designers to align effects with story arcs.
- Conducted performance assessments to optimize asset integration.
- Facilitated training sessions for team members on new dynamics tools.
- Reviewed project milestones to ensure adherence to timelines and quality standards.

Dynamics Artist 2019-2020
Rockstar Games

- Created dynamic visual effects for character actions and environmental elements.
- Collaborated with artists and programmers to ensure seamless integration of effects.
- Participated in the optimization of dynamic assets across multiple platforms.
- Engaged in user testing to refine visual effects based on player feedback.
- Contributed to the development of internal tools to streamline dynamics creation.
- Assisted in maintaining organized asset libraries for project efficiency.

ACHIEVEMENTS

- Led a team that received the IGDA award for Best Innovation in Game Design.
- Improved workflow processes that resulted in a 20% reduction in production time.
- Recognized for exceptional creativity in developing award-winning visual effects.
