

# MICHAEL ANDERSON

## E-COMMERCE DEVELOPER

### PROFILE

Highly skilled E-Commerce Web Developer with a focus on mobile-first design and user experience. With over 4 years of experience in the retail industry, I specialize in creating engaging, responsive e-commerce platforms that drive customer loyalty and sales. My technical proficiency includes advanced JavaScript frameworks, such as React and Vue.js, as well as backend technologies like Node.

### EXPERIENCE

#### E-COMMERCE DEVELOPER

##### Retail Innovations

2016 - Present

- Developed user-friendly e-commerce platforms using React and Node.js, focusing on mobile responsiveness.
- Collaborated with cross-functional teams to gather requirements and deliver tailored solutions.
- Implemented analytics tools to track user engagement, leading to a 35% increase in repeat customers.
- Conducted performance testing and optimization, reducing page load times by 50%.
- Integrated social media platforms for streamlined marketing and customer interaction.
- Maintained code quality through regular reviews and adherence to best practices.

#### JUNIOR WEB DEVELOPER

##### Online Retail Hub

2014 - 2016

- Assisted in the development of an e-commerce website that increased sales by 15% in the first quarter.
- Worked on front-end development using HTML, CSS, and JavaScript to enhance user interface.
- Participated in weekly sprint meetings to discuss progress and challenges.
- Tested and debugged web applications, improving overall performance and reliability.
- Updated website content and maintained product databases for accuracy.
- Supported the integration of payment systems, ensuring secure transactions.
