EDUCATION

MASTER OF SCIENCE IN INSTRUCTIONAL DESIGN, UNIVERSITY OF FLORIDA, 2015

ACHIEVEMENTS

- Successfully improved training compliance rates by 30% through engaging online modules.
- Recognized with the 'Best Health Educator' award in 2021 for outstanding contributions.
- Published research on the effectiveness of online training in healthcare in a peer-reviewed journal.

Detail-oriented E-Learning Curriculum Designer with over 7 years of experience in the healthcare industry, specializing in creating online training programs for medical professionals. Proven track record of developing evidence-based educational materials that enhance clinical competencies and compliance with regulatory standards. Strong understanding of adult learning principles and instructional design methodologies. Skilled in using advanced e-learning tools to create interactive and engaging modules that improve knowledge retention.

WORK EXPERIENCE

E-LEARNING DEVELOPER
Health Training Solutions
2020 - 2025

- Developed over 20 online training courses for healthcare providers focused on compliance and clinical skills.
- Utilized LMS platforms like Blackboard and TalentLMS to manage course delivery.
- Collaborated with healthcare professionals to ensure content accuracy and relevance.
- Implemented assessments that evaluated learner knowledge and skills before and after training.
- Analyzed training data to improve course content and learner outcomes.
- Facilitated workshops on effective online training strategies for healthcare staff.

INSTRUCTIONAL DESIGNER
Wellness Education Group
2015 - 2020

- Designed and developed e-learning modules for patient education and staff training.
- Worked closely with clinical experts to develop accurate and engaging content.
- Created multimedia presentations that enhanced understanding of complex medical concepts.
- Conducted user testing to gather feedback for course improvements.
- Developed a library of resources to support the ongoing education of healthcare professionals.
- Monitored course effectiveness using analytics tools to measure learner engagement.
