As a dedicated E-Learning Instructional Designer with over 3 years of experience in the financial services industry, I have focused on developing training programs that enhance employee skills and knowledge in a highly regulated environment. My background in instructional design has allowed me to create engaging e-learning courses that not only meet compliance requirements but also drive employee performance.

## WORK EXPERIENCE

### Instructional Designer | Finance Learning Institute

Jan 2022 – Present

- Developed e-learning modules focused on compliance and regulatory training for financial professionals.
- Collaborated with compliance officers to ensure course content met industry standards.
- Utilized multimedia elements to create engaging and interactive learning experiences.
- Conducted evaluations to measure training effectiveness and learner engagement.
- Provided ongoing support to learners navigating the LMS.
- Monitored and analyzed learner performance metrics to inform course improvements.

### E-Learning Developer | Financial Training Solutions

Jul 2019 – Dec 2021

- Created online training programs that improved knowledge retention rates by 30%.
- Worked closely with SMEs to ensure the accuracy of financial content.
- Designed and developed engaging multimedia content to support various learning styles.
- Facilitated user testing sessions to gather feedback and improve course designs.
- Monitored course performance and learner feedback to refine training materials.
- Assisted in the transition of classroom training to an online format.
