EDUCATION

MASTER OF EDUCATION IN SPECIAL EDUCATION, UNIVERSITY OF INCLUSIVE PRACTICES

ACHIEVEMENTS

- Received the 'Champion for Children' award for outstanding contributions to special education in 2021.
- Increased the number of students meeting developmental milestones by 30% through tailored educational plans.
- Successfully led initiatives that enhanced inclusion practices within the school community.

Compassionate Early Childhood Curriculum Specialist with extensive experience in special education, dedicated to creating inclusive learning environments for children with diverse needs. Over the past 9 years, I have developed and implemented curricula that support children with varying abilities and learning styles. My expertise lies in collaborating with families, educators, and specialists to design individualized education plans (IEPs) that foster growth and development.

WORK EXPERIENCE

SPECIAL EDUCATION CURRICULUM SPECIALIST

Diverse Learners Academy

2020 - 2025

- Developed individualized curricula that met the unique needs of children with disabilities, resulting in improved learning outcomes.
- Collaborated with a multidisciplinary team to create and implement IEPs for students.
- Trained educators on inclusive teaching strategies and differentiated instruction methods.
- Conducted assessments to monitor student progress and adjust curricula as needed.
- Engaged families in the educational process, providing resources and support tailored to their children's needs.
- Advocated for resources and support services, leading to a 25% increase in available services for students.

EARLY CHILDHOOD SPECIAL EDUCATION TEACHER

Inclusive Kids Preschool

2015 - 2020

- Implemented adaptive learning strategies to support children with varying abilities in the classroom.
- Designed and executed lesson plans that promoted social and emotional development for all students.
- Collaborated with specialists to integrate therapy goals into the daily curriculum.
- Facilitated parent workshops on understanding and supporting children with special needs.
- Utilized assistive technology to enhance learning experiences for children with disabilities.
- Monitored and documented student progress to inform curriculum adjustments and instructional strategies.
